About the book...

Publishing in October 2014, "Preserving the Past - Protecting the Future: A History of Missouri's Sheriffs" will explore the roots of the office of sheriff - the only law enforcement office in the state directly accountable to the people it serves. This 11" x 8.5" hardback coffee table book will explore the origin of the office of sheriff, which dates back to the 1800s; it will detail the history of the office in each of Missouri's 114 counties and the city of St. Louis; it will highlight events and notorious criminals that made history in our state; it will remember former sheriffs who served; and it's well thought-out combination of photos and writing will truly provide readers a unique glimpse into this historical office.
